

You can help first generation college students and show your school pride at the same time.

What is SOAR?

SOAR stands for Study, Overcome, Achieve, and Reward. This program started in 2008 at the Altoona Area Junior High School. Motivated students who maintain good grades, attendance, and behavior participate in a five year program geared toward preparing the students for post secondary education. Students meet frequently and are monitored for their progress.

What is the “High Five” Program?

As you can imagine, this program will need a large fund in order to help these kids achieve their college dreams. The High Five program asks each person to give just \$5. When we all work together we can help these kids achieve their goals.

Are you part of the Altoona alumni?

The SOAR program is also sponsoring a friendly competition. Simply write your graduating class in the memo line. Each week on our Facebook page we will post which class is in the lead.

So how do I help?

Simply make out a check payable to the Altoona School District Foundation. Be sure to write SOAR in the memo line and add your graduating class if applicable. Mail checks to:

Altoona School District Foundation
Attn: SOAR program
1415 6th Avenue
Altoona, PA 16602
